

INTERNET BLOG pays tribute to DQS Units at LZ Sherry 1970 - 71

Friends of the Bravo
Bulls,

This notice is going to
56 guys who served with

B Battery 27th FA over the course of its time in Vietnam. It includes men organic to the unit as well as battalion staff, guys on the Quads and Dusters, our medic, radar crew and a few 101st Airborne Curahees.

I am writing a history of B Battery 27th Artillery through the stories of the guys who were there. The range goes from John Santini, who came over with the battery out of Ft. Lewis in late 1965, to Bob Christenson, our last battery commander who saw the unit deactivated in 1971, and Steve Bell who pulled the guns and loaded up the ammo.

The purpose of this email is to give you access to the parts of the history that are complete. You will find them at:

This is a blog and I am attempting to post a completed chapter every Wednesday. So far I have interviewed 17 people. Another 15 or so guys have expressed a willingness to tell their stories. If you are among them please be patient, I have not forgotten you. If you and I have not talked, please contact me at this email address or call me at one of my numbers below.

Eventually *The Boys of Battery B* will be a book. Proceeds from sales will go to the 27th Field Artillery Regiment Association. Likewise, any profits that come from my recently published Vietnam memoir *Seven in a Jeep* will go to the association.
